

YOLO Training Report (Stage 2)

Run directory: ..\Runs\Stage 2\

Configuration

Parameter	Value
model	../Models/yolo26s.pt
epochs	100
imgsz	768
batch	16
optimizer	AdamW
lr0	0.001
lrf	0.01
patience	20
device	0
workers	4
auto_augment	None

Training Summary

Metric	Value
Total epochs run	53
Best epoch	32
mAP50 (best)	0.9879
mAP50-95 (best)	0.5739
Precision (best)	0.9624
Recall (best)	0.9672

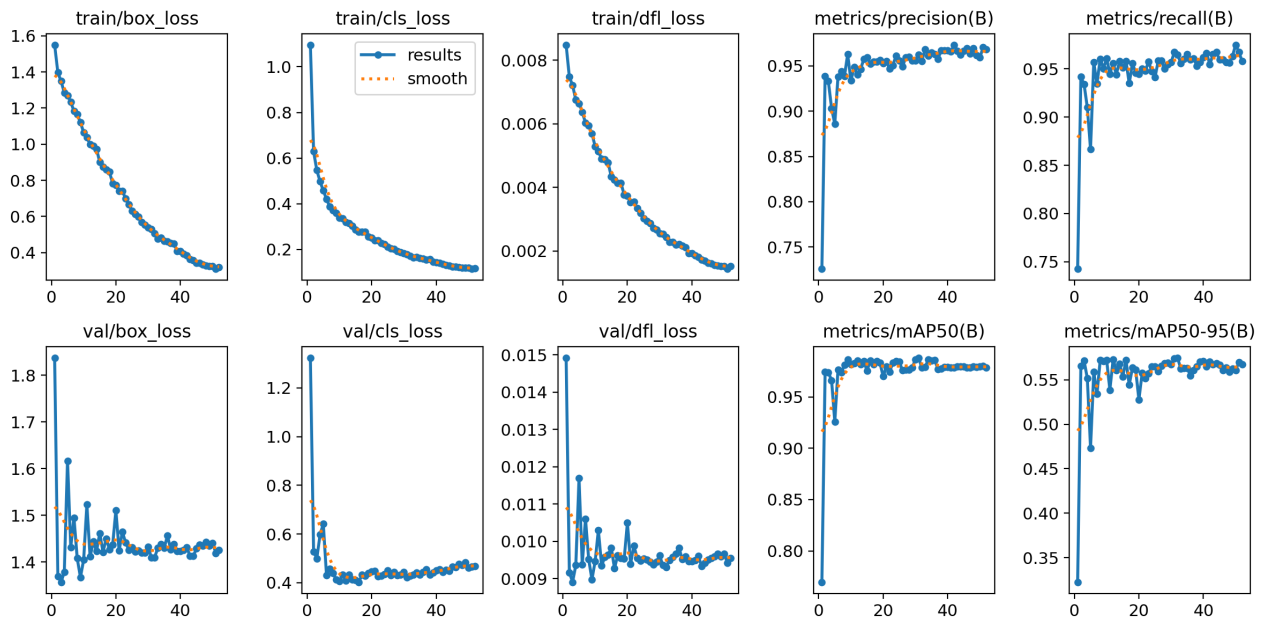

Figure: loss and metric curves over training epochs.

Per-Class Performance

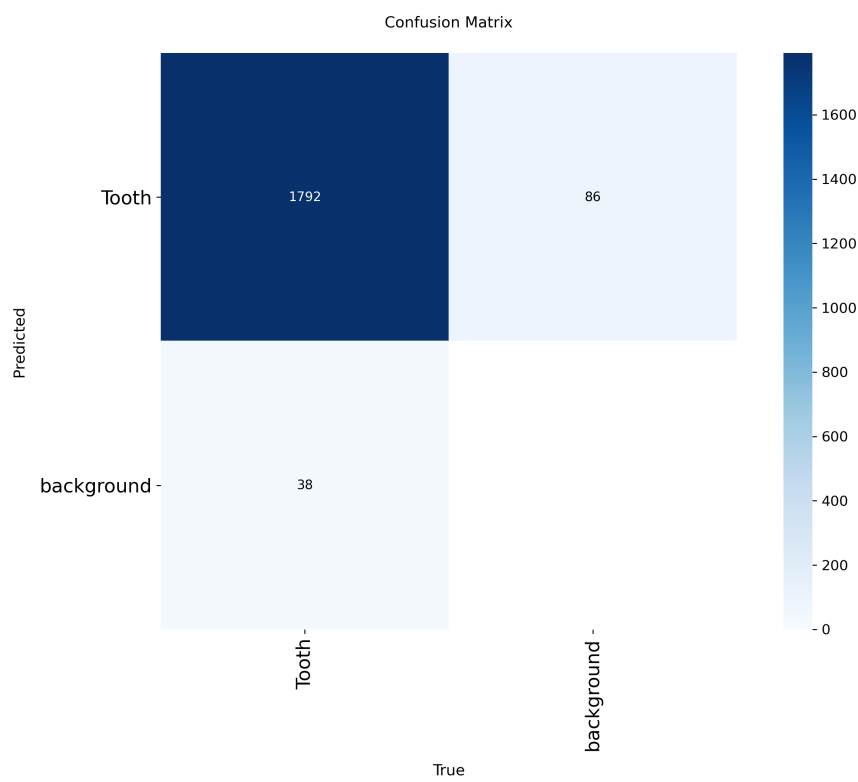

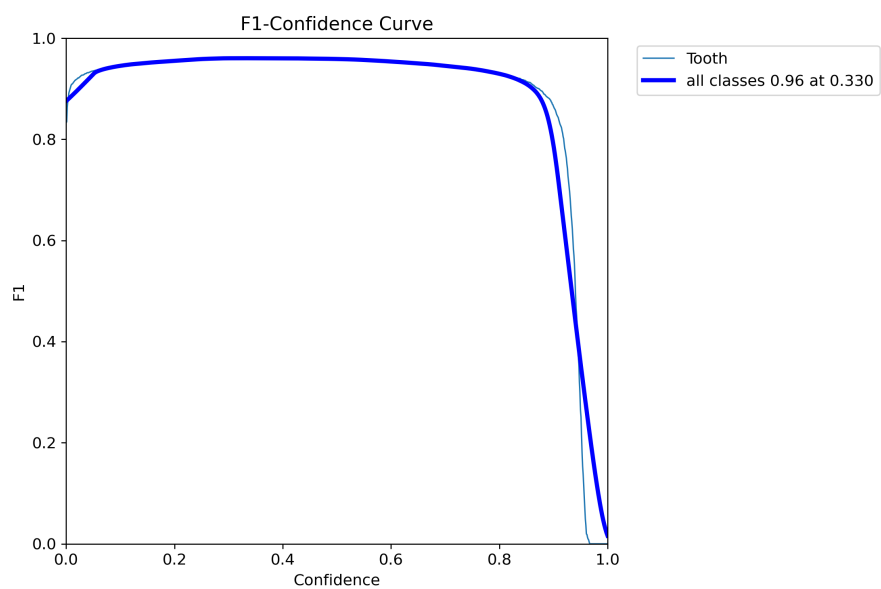

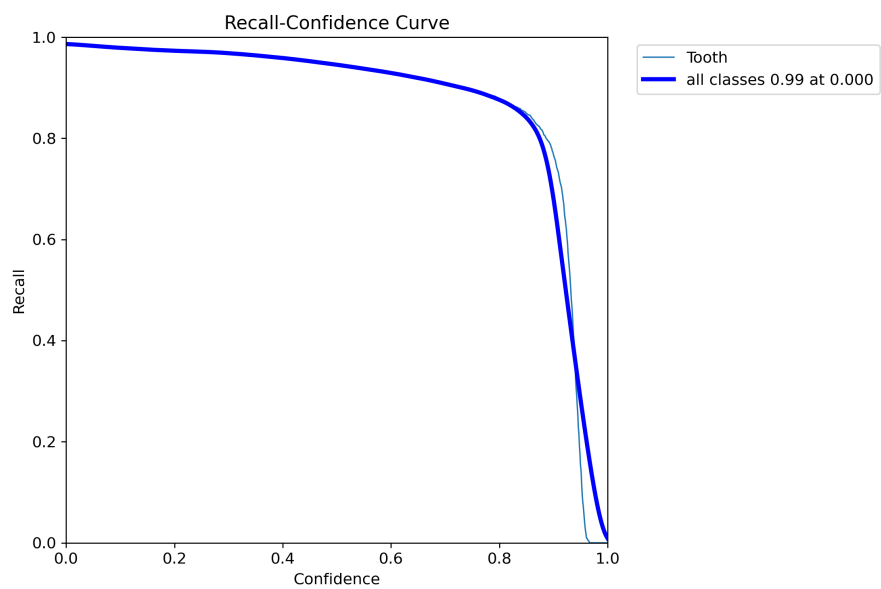

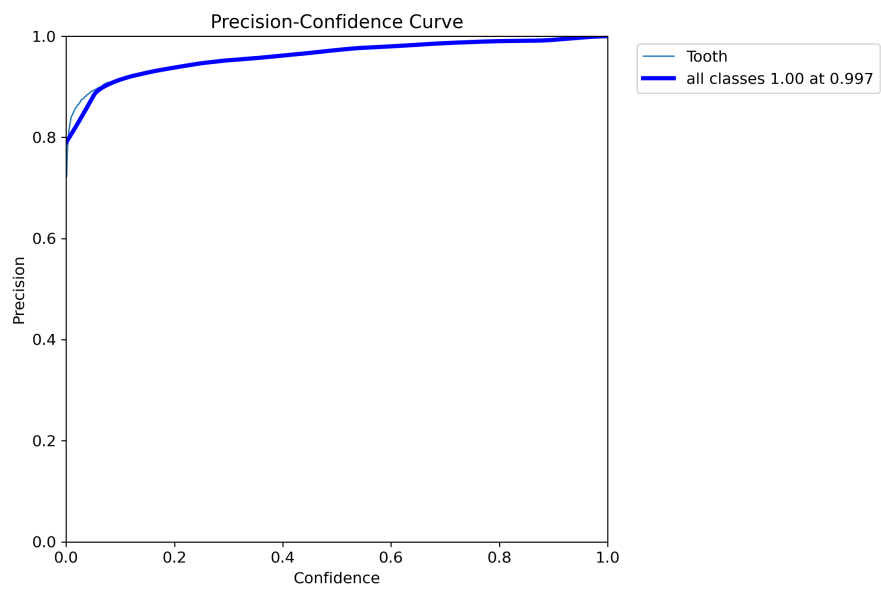

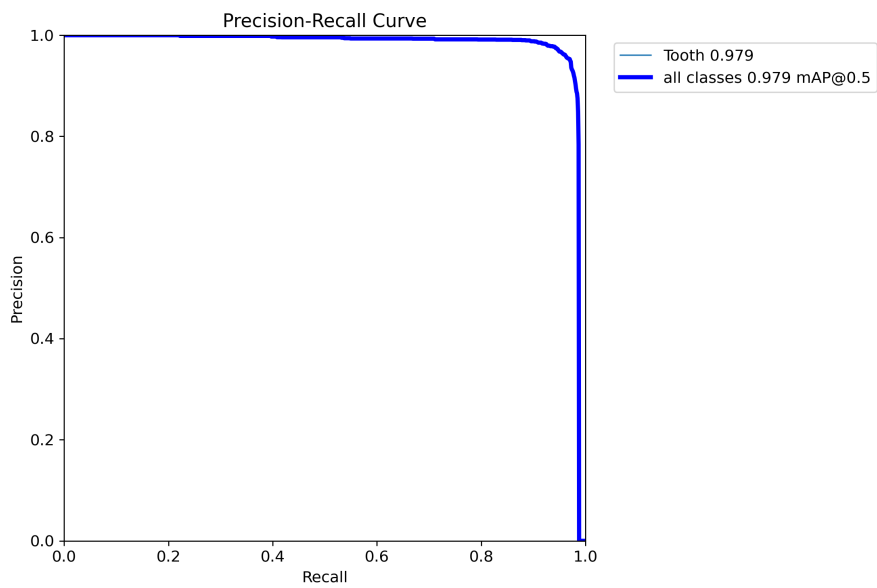

Figure: confusion matrix on the validation set.

Precision / Recall / F1 Curves

Test Set Predictions

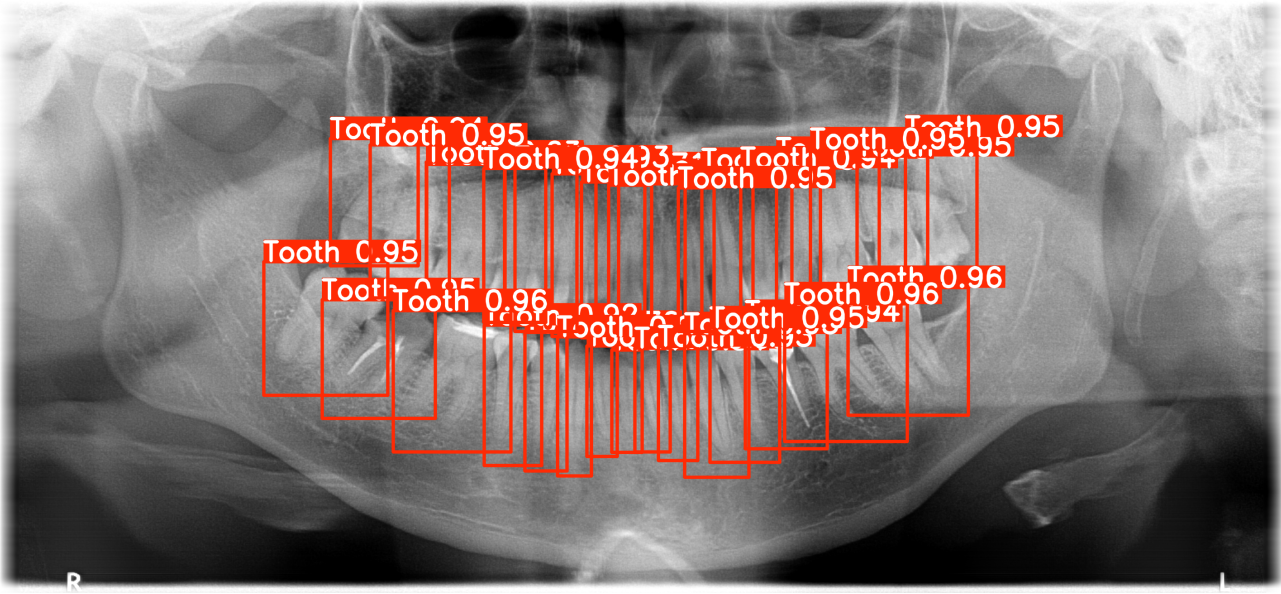

Qualitative predictions on held-out images not used in train/val (disease-only annotated images kept aside for visual inspection).
